

# Walk/Run a Nickel (5K) for Jacob Nichol “Our Strong Little Man”

Jacob Nichol, 9 years old, was diagnosed with a cancerous brain tumor in November 2009. After multiple surgeries and extended stay in Children’s Hospital in Omaha, he has recently returned home and is receiving chemotherapy. Since Jacob got sick in November, both of his parents have been laid off so friends are asking for community support to help pay the medical bills.
